I recently picked up a pair of Youngstown Gloves and have been wearing them at work for a few weeks. I am very impressed. Normally I have cuts in my gloves and the gloves are starting to rip. I have never had a pair of Gloves that are as comfortable as these. I would recommend these Youngstown Gloves to anyone that has not experienced them.

– Dan Schwarz

### GENERAL UTILITY PLUS

03-3060-80-(Size)

Featuring our signature non-slip palm coverage for increased durability and grip. A perfect combination of quality, comfort and durability.

#### FEATURES

- > Non-slip reinforcement for durability and grip
- > Non-slip saddle protects critical wear area
- > Comfortable synthetic suede base layer
- > Supportive Neoprene cuff with adjustable Velcro closure
- > Directional top of hand wicks heat and moisture
- > Terry cloth thumb for wiping sweat and debris
- > Double-stitched bonded nylon thread for extended life

#### USES

- > Construction / Industrial / Arbor / Electrical / DIY / Farm and Ranch / Landscape / Rugged Applications

#### SIZES

- > S-3XL

### TOUCHSCREEN®

11-3090-80-(Size)

A performance work glove specially designed to work with touchscreen technology.

#### FEATURES

- > Specialized conductive material on thumb, index and middle fingers for use with touchscreens
- > Comfortable synthetic suede base layer
- > Directional top of hand wicks heat and moisture
- > Terry cloth thumb for wiping sweat and debris
- > Supportive cuff with adjustable Velcro closure

#### USES

- > Touchscreen Use / Tablet Use / Warehouse Operations / Field Operations / Police

#### SIZES

- > S-2XL

### HYBRID PLUS

12-3180-70-(Size)

This glove is a hybrid of a traditional leather palm, with a synthetic top of hand all sewn into a dexterous and comfortable performance glove pattern.

#### FEATURES

- > Palm is made of supple and durable goatskin leather
- > Stretch mesh directional top of hand wicks away heat and moisture
- > Heavy-duty saddle protects critical wear area between thumb and index finger
- > Interior knuckle protection sewn into top of hand
- > Slip fit cuff for easy on / off access
- > Precision sewing promotes superior dexterity and comfort

#### USES

- > Landscape / Construction / DIY / Electrical / Farm and Ranch

#### SIZES

- > S-2XL

### TRADESMAN PLUS

06-3040-70-(Size)

A dexterous, medium duty glove featuring a double layer synthetic suede on the palm, fingers and thumb.

#### FEATURES

- > Double layer of synthetic suede increases durability without hindering dexterity
- > Directional top of hand wicks heat and moisture
- > Internal knuckle protection on top of hand
- > Terry cloth thumb for wiping sweat and debris
- > Secure elastic cuff with an adjustable Velcro closure
- > Adjustable Velcro closure with ID tag

#### USES

- > Construction / Auto / MRO / DIY / Plumbing / Machine Operation

#### SIZES

- > S-2XL

PLUS SERIES

PLUS SERIES

### CARPENTER PLUS

03-3110-80-(Size)

A durable performance work glove featuring shortened fingers and thumb for true fingertip dexterity. Ideal for handling nails, screws, wires and other small items.

#### FEATURES

- > Shortened fingers and thumb for fingertip dexterity
- > Non-slip reinforcement for durability and grip
- > Reinforced non-slip saddle protects critical wear area
- > Comfortable synthetic suede base layer
- > Supportive cuff with adjustable Velcro closure
- > Directional top of hand wicks heat and moisture
- > Terry cloth thumb for wiping sweat and debris
- > Double-stitched bonded nylon thread for extended life

#### USES

- > Auto / Electrical / Carpentry / Framing / Construction / Fishing / Woodwork

#### SIZES

- > S-2XL

### MESH UTILITY PLUS

04-3070-70-(Size)

An all-purpose, abrasion-resistant performance glove featuring an ultra-breathable mesh top of hand to keep you cooler in hot conditions.

#### FEATURES

- > Light gray mesh on top of hand for ultimate breathability
- > Non-slip reinforcement for durability and grip
- > Reinforced non-slip saddle protects critical wear area
- > Comfortable synthetic suede base layer
- > Supportive cuff with adjustable Velcro closure
- > Terry cloth thumb for wiping sweat and debris
- > Double-stitched bonded nylon thread for extended life

#### USES

- > Construction / Landscape / Industrial / Arbor / DIY

#### SIZES

- > S-2XL

### MECHANICS PLUS

06-3020-60-(Size)

A comfortable, high-dexterity performance work glove featuring a palm padding and single layer synthetic suede palm.

#### FEATURES

- > Padded palm for extra protection
- > Comfortable, washable synthetic suede palm
- > Directional top of hand wicks heat and moisture
- > Internal knuckle protection on top of hand
- > Terry cloth thumb for wiping sweat and debris
- > Adjustable Velcro closure with ID tag

#### USES

- > Auto / Industrial / DIY / Construction / Plumbing / Machine Operation

#### SIZES

- > S-2XL

### WOMEN'S GARDEN GLOVE

BURGUNDY 04-3800-30-(Size)

This is a perfect light-duty / high-dexterity performance glove designed specifically to fit a woman's hand.

#### FEATURES

- > Form-fit to the shape of a woman's hand
- > One piece back of hand with internal knuckle protection
- > Reinforced fingertips for nail protection
- > Terry cloth thumb for wiping sweat and debris
- > Supportive Neoprene cuff for support
- > Wrist gusset to block dirt and debris

#### USES

- > Gardening / Yard Work / DIY / Tool Use / Construction

#### SIZES

- > S-L

# PERFORMANCE LEATHER SERIES

This ground breaking line of Performance Leather Gloves combines the ergonomics and dexterity of a performance glove with the safety and comfort of leather. We use high quality goatskin leather and sew it into a form-fit, 3D performance glove pattern. The result is increased dexterity, comfort, productivity and safety for workers.

I climbed and framed poles for over 2 months in these. The dexterity and comfort are great. Best pair of work gloves I've used."  
— Eric Figueiroa

## LEATHER UTILITY PLUS

11-3245-60-(Size)

High quality goatskin lineman glove sewn into an ergonomic, 3D glove pattern for unmatched comfort, dexterity and durability. This revolutionary design increases efficiency, productivity, comfort and safety for workers.

### FEATURES

- > Arc-Rating of 20.8 cal/cm<sup>2</sup> according to ASTM F2675/F2675M-13
- > Made of 100% high quality goatskin leather
- > Ergonomic, 3D, pre-curved performance glove pattern for excellent dexterity and comfort
- > Double layer leather on fingertips, knuckle, saddle and palm for increased protection and durability
- > 4" safety cuff for increased wrist protection
- > Youngstown's signature Supersaddle™ extends over index, thumb and across the palm for added durability
- > Double-stitched bonded nylon thread

### USES

- > Electric Utilities / Linemen / Climbing / Electricians / Oil & Gas / Construction / Arc Flash 1 & 2 (Non Voltage)

### SIZES

- > S-2XL

## LEATHER WIDE CUFF

11-3255-60-(Size)

High quality goatskin lineman glove sewn into an ergonomic, 3D glove pattern for unmatched comfort, dexterity and durability. This revolutionary design increases efficiency, productivity, comfort and safety for workers. Featuring a traditional bell cuff for enhanced breathability and airflow.

### FEATURES

- > 6" wide traditional lineman cuff
- > Durable high-quality leather
- > Increased comfort, dexterity, efficiency and safety
- > Ergonomic, 3D performance pattern form-fits to hand
- > Knuckle reinforcement protects against scrapes and bumps

### USES

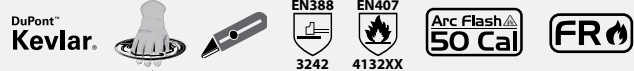

- > Utilities / Linemen / Oil and Gas / Farm / Ranch / Construction / Landscape

### SIZES

- > S-2XL

### FR WATERPROOF LEATHER LINED WITH KEVLAR® 11-3285-60-(Size)

Our FR Waterproof Leather Utility lined with Kevlar® is a winterized, waterproof, Flame-Resistant and Cut-Resistant leather glove designed to keep hands warm, dry and protected. With triple layer technology consisting of a high quality goatskin outer shell, 100% waterproof and windproof membrane and a liner made with 100% Kevlar® fiber.

#### FEATURES

- > Exceeds industry standards for Flame Resistance according to ASTM D6413
- > Complies with Flame Resistance labeling standards according to ASTM F2302-08

- > Top of hand made with FR Nomex® fiber
- > Ergonomic, 3D glove pattern form-fits to hand
- > Incredible combination of dexterity, comfort and protection
- > No Drip / No Melt

#### USES

- > Electric Utilities / Lineman / Electricians / Gas Utilities / Emergency Gas / Oil & Gas / Plant Operations / Heat Work / Steel Work / Arc Flash 1,2,3 & 4 (Non Voltage)

#### SIZES

- > S-3XL

# WINTER SERIES

Youngstown's Waterproof Winter Gloves offer great protection from winter weather without sacrificing dexterity or comfort. These models feature Youngstown's triple layer waterproof technology made of an insulating liner, waterproof membrane and form-fit outer shell. All of these models are built to withstand rugged work applications but they also offer dual functionality for use in winter recreation activities.

We have blizzard like conditions here in MN today 20+mph winds and so far we have gotten about 10-12 inches of snow. I wore them to snow blow the driveway and all I can say is WOW, these gloves are awesome!! It was so nice to have warm dry hands and they fit so nicely I barely noticed I had gloves on....I could even do the push button code pad on my garage door opener without taking them off. Really glad I bought 2 pair. I can't wait to use them for ice fishing and snowmobiling. GREAT PRODUCT!!!!

## WATERPROOF WINTER XT 11-3460-60-(Size)

Our gauntlet style waterproof winter glove is designed for superior warmth and comfort for use in harsh winter conditions. Featuring 200g of 3M Thinsulate™ and extended gauntlet cuff.

### FEATURES

HI-VISIBILITY SERIES

Founded in 2002, Youngstown Glove company is unwavering in our commitment to excellence and customer satisfaction. Today we offer nearly 40 performance work glove styles that exceed the demanding needs of working professionals. Every Youngstown style that is developed goes through extensive testing - both in the laboratory and in the field - prior to making it to our customers. Our thorough testing, proven patterns, innovative materials and meticulous quality control methods ensure that Youngstown is truly #1 in Durability.
